

LongQuan

OMNISTAB®
Polymer Additives

OMNIQUAN®

Our OMNISTAB® OMNIQUAN® range is being produced in Asia.

Our production partners are either toll manufacturer or long term partners evaluated extensively and producing based on strict quality management standards.

ABOUT ICG CHEMICALS

- ICG Specialty Chemicals FZCO is today a well-known and trusted partner for all masterbatch, compounding, inks and coatings companies in Middle East and Asia. Our products – manufactured, sold, and distributed globally under the known brand name “Omnistab®” and “Omniquan®” – are recognized for their quality. With the support of our stakeholders, we are excited for the future. We are stepping into the distribution of different chemicals, manufactured by respected brands around the world.

MISSION

To be the preferred supplier of choice for our customers by providing them with the best service and top-quality competitive and ingenious range of products and personalized solutions. It is our responsibility to be observant of governance and act in line with our social and environmental responsibility.

VISION

Our vision is to lead the chemical industry towards a sustainable future by prioritizing the development and production of environmentally friendly chemicals. We strive to minimize the environmental impact of our operations and products, while maintaining our commitment to quality and innovation. Our goal is to become a leading example of responsible chemical manufacturing, setting the standard for others to follow in protecting our planet and preserving its resources for future generations.
